

Virus & Spyware

Antivirus Software & Spyware Removal

Is your PC running slow? Or doing some unexpected things?

If so you may have a Virus or some Spyware infecting your PC.

Panda IT offer a full range of virus protection services including installing anti-virus software and removal of viruses already infecting your PC.

Many home PCs are also running Spyware, unknown to the PC owners. Panda IT offer a Spyware removal service either in your own home or in our workshop.
